Company Agreement

1. Investment Client shall pay the amount of agreement for completion of work. If there is a change at the time of sale the Investment will be adjusted accordingly. 2. Specific Requirements for materials, Workmanship and Change Orders Specific materials are listed in detail on the attached estimate. The Client may request changes from the original plans. All change orders must be in writing, authorized by both parties, the Client may elect to orally authorize or approve change orders and Contractor will give a written change order before proceeding with change order. 3. Investment amount A 20% payment on agreed investment is required at time of an authorized agreement to have your project scheduled. A 50% payment on agreed investment is required on the day the project begins. The Remainder of balance is due at time of delivery/installation or bill progress. Interest will be charged at 18% APR on payments that are thirty (30) days past due. Preventive Maintenance plans are due in full upon acceptance date. 4. Hidden, Concealed and Unforeseeable Conditions The parties agree that in the event a condition arises that requires an extra cost, they shall proceed as follows: Contractor shall notify Client verbally at once to expedite agreement as to the charge to correct or cure such condition, and provide a written estimate as soon as practicable. All parties must agree to such extra amount, or agree to a resolution method, or this Agreement may be canceled by either party. For purposes of this section, a "hidden, concealed and unforeseeable condition" shall mean a condition not apparent to the Contractor. This could include but is not limited to a sudden unavailability or scarcity of materials needed to complete project, unexpected surge in costs for materials, structural problems in original structure that prohibit a secure installation, etc. 5. Building Codes Contractor is agreeing to perform a specific scope of work designed or ordered by the Client or Client's architect for a specific investment. If that specific scope of work needs to be changed in order to meet applicable building codes, then the Client may authorize, at the Client's added expense, additional work in order to satisfy the building codes and inspectors. The code work will be done in accordance with the Change Order clause (#2 above). 6. Correction of Work Prior to making final payment, the Client may inspect the work to determine if it has been completed according to agreement. Client may prepare a written list of work (a punch list) he/she believes should be completed or corrected according to the Agreement. There shall be only one punch list and must be signed by the Client. The Contractor is obligated to correct all work stated on the punch list for which he/she is responsible under the terms of the agreement. Client cannot contract with any alternative contractor for the performance or completion of work, nor claim a credit or back charge for the cost of completing any item stated on the written punch list unless the Contractor shall have first been given reasonable notice and opportunity to correct the work stated on the punch list. If the Client does contract with an alternate contractor to perform the punch work or otherwise complete the project without first affording the opportunity to the Contractor to do so, the Client then agrees to accept all work "as is", waives any claim against the Contractor and agrees to pay the full Agreement Investment without deduction for uncompleted or defective work. The Contractor has the opportunity to take photos if a dispute should occur. Upon the contractor's completion or correction of the work identified on the single punch list, any amount withheld from final payment shall be paid within the next three days to the Contractor. 7. Disputes and Remedies If a dispute cannot be resolved between the parties, then either party may file suit in an appropriate local court of jurisdiction. If suit is filed in a Superior Court, the dispute

will be decided according to the mandatory arbitration rules of the county in which the suit is filed, and each party expressly waives the dollar limits currently in effect according to the mandatory arbitration rules of the county in which suit is filed. The arbitrator shall have authority to determine the amount, validity and enforceability of a lien. Each party waives their right to file any appeal and agree to accept the arbitrator's award as final and binding. If a dispute occurs and either party incurs legal

expenses, the prevailing party shall be awarded its reasonable costs and attorney fees. 8. Guarantee of workmanship Waatti Contracting warrants their workmanship for a period of two year or (otherwise stipulated in agreement .. Platinum, Gold choices) from the date of delivery/installation. They will correct all work that fails per original work performed in this time period at no cost to the Client. The Client has a period of one month following the expiration of the guarantee period in which to file a claim against Waatti Contracting. Guarantee does not cover damages or defects caused from misuse, normal wear and tear, acts of nature, external forces not related to workmanship (i.e. other trades). This guarantee and right to sue for damages are not transferable. 9. Breach of agreement Any claim or cause of action, regardless of whether the claim is based on breach of guarantee, breach of Agreement, indemnification or tort, must be filed in a court of competent jurisdiction no later than thirty (30) days following expiration of the Contractor's guarantee. 10. Crack Repair & Crack Repair Material Overlay: It must be noted the current cracks will be addressed as per Industry standard (and SportMaster specifications) but NO guarantee will be extended to the client when crack reappear or have elongated within the same 12 month period of work completed. Asphalt based courts can and will continue to expand and move based on ground temperatures and possible water pressure accumulation under the courts that are out of the above contractors (Waatti Contractings) control. Regular crack filling will NOT repair asphalt court permanently. It is also noted that any court repair material (i.e., Rite Way, Armor) may exhibit fracture cracking occurring at the periphery of the repair material and this again is due to the asphalt base court that can and will continue to expand and move, which is out of the above contractors (Waatti Contractings) control.

MINUTES CONTINUED FROM SEPTEMBER 5, 2024

Commissioner Nelson made a motion to close the Public Hearing and was seconded by Commissioner Byrd. **The Board voted unanimously.**

Commissioner Blackmon made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** that the impact to the adjacent property owners and the surrounding community is reasonable, and the benefits of the rezoning outweigh any potential inconvenience or harm to the community. The reason is that the rezonings are compatible with the surrounding community and would not cause any inconvenience to those within the area.

Commissioner Blackmon made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** that the requested zoning district is compatible with the existing Land Use Classification. The reason is that according to Erwin's current Land Use Plan done in 2023 the properties are assigned to be zoned under mixed use that promotes residential and commercial uses.

Commissioner Blackmon made a motion, seconded by Commissioner Byrd, and **unanimously approved by the Board** that the proposal does enhance or maintain the public health, safety, and general welfare. The reason is that the rezoning would correct zoning nonconformities and ensure that clear uses are defined for the parcels.

Commissioner Blackmon made a motion, seconded by Commissioner Byrd, and **unanimously approved by the Board** that the request is for a small-scale rezoning and should be evaluated for reasonableness. The reason is that this rezoning request includes 12 parcels all within less than .15 of a mile between each other.

Commissioner Byrd made a motion, seconded by Commissioner Blackmon, and **unanimously approved by the Board** that there is a convincing demonstration that all uses permitted under the proposed district classification would be in the general public interest and not merely in the interest of an individual or small group. The reason is that the parcels are currently split zoned and rezoning would ensure that their current uses are permitted.

Commissioner Nelson made a motion, seconded by Commissioner Byrd, and **unanimously approved by the Board** that there is a convincing demonstration that all uses permitted under the proposed district classification would be appropriate in the area included in the proposed change. (When a new district designation is assigned, any use permitted in the district is allowable, so long as it meets district requirements, and not merely uses which applicants state they intend to make to the property involved.) The reason is that all the parcels are designated under the Erwin 2023 Land Use Plan to be either residential or mixed-use.

Commissioner McKoy made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** that there is a convincing demonstration that the character of the neighborhood will not be materially and adversely affected by any use permitted in the proposed change. The reason is that the rezoning would not alter the character of the neighborhood in any way. The rezoning would ensure clarity for owners and not take away rights that they currently have to their land.

Commissioner Nelson made a motion, seconded by Commissioner Byrd, and **unanimously approved by the Board** that the proposed change is in accord with the Land Use Development

Plan and sound planning principles. The reason is that all of the parcels that are included are designated to be mixed in the 2023 Erwin Land Use Plan for the purpose of residential and commercial.

Commissioner Blackmon made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** that the requested rezoning from being split-zoned is compatible with all of the Town of Erwin's regulatory documents. According to Erwin's 2023 Land Use Plan and Erwin's Code of Ordinances, the uses defined within the mixed-use classification would best serve the above-stated parcels. It is recommended that this rezoning request be **Approved**.

Commissioner Blackmon made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** to approve the rezoning of 308 Moulton Springs Rd from Residential (R-10 and R-6) to full R-10.

Commissioner Blackmon made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** to approve the rezoning of Harnett County Tax PIN 0597-51-6406 from Residential (R-10 and R-6) to full R-10.

Commissioner Blackmon made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** to approve the rezoning of 309 Moulton Springs Rd from Highway Business (B-2) and Residential (R-6) to full R-6.

Commissioner Blackmon made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** to approve the rezoning of Harnett County Tax PIN 0597-51-7332 from Residential (R-6) and Highway Business (B-2) to full R-6.

Commissioner Blackmon made a motion, seconded by Commissioner Byrd, and **unanimously approved by the Board** to approve the rezoning of 305 Moulton Springs Rd from Residential (R-6) and Highway Business (B-2) to full R-6.

Commissioner Blackmon made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** to approve the rezoning of 203 Moulton Springs Rd from Highway Business (B-2) and Residential (R-6) to full R-6.

Commissioner Blackmon made a motion, seconded by Commissioner Byrd, and **unanimously approved by the Board** to approve the rezoning of 825 S 13th Street from Residential (R-10 and R-6) and Highway Business (B-2) to full R-10.

Commissioner Byrd made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** to approve the rezoning of 808 S 13th Street from Highway Business (B-2) and Residential (R-6) to full B-2.

Commissioner Byrd made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** to approve the rezoning of Harnett County Tax PIN 0597-50-9969 from Residential (R-10) and Highway Business (B-2) to full B-2.

Commissioner Blackmon made a motion, seconded by Commissioner Nelson, and **unanimously approved by the Board** to approve the rezoning of 201 Moulton Springs Rd from Highway Business (B-2) to Residential R-6.

Commissioner Blackmon made a motion, seconded by Commissioner Byrd, and **unanimously approved by the Board** to approve the rezoning of 106 Ennis Street from Highway Business (B-2) to Residential R-10.

Voluntary Annexation Turlington Johnson

Commissioner Byrd made a motion to open the Public Hearing and was seconded by Commissioner McKoy. **The Board voted unanimously.**

Town Planner Dylan Eure informed the Board that this annexation request was for four parcels in Harnett County's jurisdiction that will, in the future, be alongside 9 additional properties to be annexed into the Town of Erwin. He made the Board aware that because of the distance out in the county, there was no accessible sewer on the property and the subdivision would be running off of communal septic tanks. Septic tanks would be individual on each lot. He did want the Board to know if we approve these four parcels along with the other proposed 9 parcels, we will be just about maxed out on our ability to satellite annex in the future.

Mayor Baker asked if anyone was present to speak in favor of the request, in opposition to the request, or had any questions.

No one came forward.

Commissioner Blackmon made a motion to close the Public Hearing and was seconded by Commissioner Byrd. **The Board voted unanimously.**

Commissioner Blackmon made a motion to approve the Ordinance to Extend the Corporate Limits of the Town of Erwin, North Carolina ORD 2024-2025: 017 effective June 30, 2025, and was seconded by Commissioner Byrd. **The Board voted unanimously.**

Staff Evaluation

The Town of Erwin has requested 14 parcels to be rezoned to correct zoning map conformities to align parcels to a single zoning classification in which fits each parcel best based on their current use.

Staff Evaluation

Yes No The IMPACT to the adjacent property owners and the surrounding community is reasonable, and the benefits of the rezoning outweigh any potential inconvenience or harm to the community

- **Reasoning:** The rezoning's are compatible with the surrounding community and would not cause any inconvenience to those within the area.

Yes No The requested zoning district is COMPATIBLE with the existing Land Use Classification.

- **Reasoning:** According to Erwin's current Land Use Plan done in 2023 the properties are assigned to be zoned under mixed use that promotes residential and commercial uses.

Yes No The proposal does ENHANCE or maintain the public health, safety, and general welfare.

- **Reasoning:** The rezoning would correct zoning nonconformities and ensure that clear uses are defined for the parcels.

Yes No The request is for a SMALL SCALE REZONING and should be evaluated for reasonableness.

- **Reasoning:** This rezoning request includes 12 parcels all within less than .15 of a mile between each other.

<p>There is a convincing demonstration that all uses permitted under the proposed district classification would be in the general public interest and not merely in the interest of an individual or small group. YES</p>	<p>Parcels are currently split zoned and by rezoning would ensure that their current uses are permitted.</p>
<p>There is a convincing demonstration that all uses permitted under the proposed district classification would be appropriate in the area included in the proposed change. (When a new district designation is assigned, any use permitted in the district is allowable, so long as it meets district requirements, and not merely uses which applicants state they intend to make of the property involved.) YES</p>	<p>All parcels are designated under the Erwin 2023 Land use Plan to be either residential or mixed use.</p>
<p>There is a convincing demonstration that the character of the neighborhood will not be materially and adversely affected by any use permitted in the proposed change. YES</p>	<p>The rezoning's would not alter the character of the neighborhood in anyway. Rezoning's would ensure clarity for owners and not take away rights that they currently have to their land.</p>
<p>The proposed change is in accord with the Land Development Plan and sound planning principles. YES</p>	<p>All of the parcels that are included are designated to be mixed in the 2023 Erwin Land Use Plan for the purposes of residential and commercial.</p>

Statement of Consistency

The requested rezoning from being split zoned is compatible with all of the Town of Erwin's regulatory documents. According to Erwin's 2023 Land Use Plan and Erwin's Code of Ordinances the uses defined within the mixed use classification would best serve the above stated parcels. It is recommended that this rezoning's request be **Approved**.

Statement-of-Consistency

The requested rezoning from being split zoned is compatible with all of the Town of Erwin's regulatory documents. According to Erwin's 2023 Land Use Plan and Erwin's Code of Ordinances the uses defined within the mixed use classification would best serve the above stated parcels. It is recommended that this rezoning's request be **Approved**.

REQUEST FOR CONSIDERATION

To: The Honorable Mayor and Board of Commissioners

From: Snow Bowden, Town Manager

Date: September 5, 2024

Subject: Voluntary Annexation- Turlington Johnson

At our regular June Town Board meeting Town Staff presented a voluntary annexation request for four parcels that are non-contiguous. The four parcels are a part of a potential development that includes eight other parcels. The eight other parcels are in our outside our town limits as well but they are within our Extraterritorial Jurisdiction (ETJ). The potential developers would like to have all 12 parcels under the same zoning jurisdiction. The eight parcels that are in our ETJ are located in our Rural District (RD). If we moved forward with the annexation process for the four requested parcels they would be zoned RD. The developers mentioned that once they started the development process they would like to move forward with having the eight other tracts of land in our ETJ annexed to our Town Limits. But that is not a guarantee and we cannot mandate that they request to be voluntary annexed. If they wish to receive town services for the eight parcels in our ETJ they would need to request to have them annexed.

The four parcels are non-contiguous so the process is a little different compared to the process with parcels of land that are contiguous. Deputy Town Clerk Katelan Blount has investigated this request. At our regular August Town Board Meeting the Board adopted a resolution to set the date of the public hearing for our September Town Board Meeting.

Irrevocable Petition Requesting a Non-Contiguous Annexation

To: The Mayor and Board of Commissioners of the Town of Erwin

4. The nearest point on the area proposed for annexation is 1 miles from the primary corporate limits of the Town of Erwin.
5. No point on the area proposed for annexation is closer to the primary corporate limit of any other city than to the primary corporate limits of Erwin.
2. We acknowledge that any zoning vested rights acquired pursuant to G.S. 160A-385.1 or G.S. 153A-344.1 must be declared and identified on this petition. Memo To: Mayor and Board of Commissioners

From: Snow Bowden, Town Manager

Re: September Report

Date: 09/05/2024

- I spoke with the property owner of the home at 700 Old Post Road. He has kept the yard maintained. He told me that his goal was to have the house demolished in 70 days. He has already had the utilities disconnected from the structure. He has already applied for permits to demolish the structure with Harnett County and he has already obtained a zoning permit from the Town of Erwin to demolish the structure. He has already had the subdivision recorded. His plan is to have the home demolished and then build two new homes on this corner. Each new home would be on their own individual parcel.
- I spoke with the consultant that is helping True Homes USA with their Planned Unit Development located off of St. Matthews Road. We are waiting on them to send us an updated preliminary plat for us to approve. Harnett Regional Water has given them preliminary approval on their plans. So they are making progress.
- At our September workshop meeting we will discuss the proposal for a pay study for all of our employees and for a storm water management plan.
- We have received complaints about people living in a vehicle on private property and a separate complaint about someone that is living in a tent on their own private property. Town Staff has completed some research on this subject. We have also spoken to some other municipalities to see how they handle these situations. We have prepared a text amendment to our Town Code based on the information that we have found. We have shared it with our Town Attorney Tim Morris as well. We plan to present a proposal at our Planning Board meeting in September and back to you at our September workshop meeting. We can use our existing minimum housing standards to enforce these two issues but that will take some time to enforce and clean-up.
- We are still calling NCDOT to remind them about the ditch issue at the corner of HWY 217 and East B Street. They are supposed to come out and bust up the roots that are in the drain pipe.
- We have filed a lawsuit against the property owner at 214 St. Matthews Road (Katheleen Jackson) for the code violations on this property. The family member that is staying there at the moment has plenty of time to clean up the property.

- We have had to work with the Erwin Area Chamber of Commerce on a few last minute changes to the Denim Days schedule. As soon as everything is finalized I will make sure that all of you get a schedule of events.
- I am trying to find a contractor to help address a storm water issue on Womack Drive. Long story short a resident installed a pipe in our right-of-way without permission. We need to reestablish the old ditch line and get that water down to HWY 55.
